The completed response document should be uploaded to the REC Portal. On the Consultation Page click 'Add Response' to upload the completed document. Further information about Consultations can be found in the Change Management User Guide.

Responses can be submitted as:

- **Non-confidential** – the full response plus the submitting organisations name and category will be published; or
- **Confidential** – responses will only be shared with RECCo, the Code Manager, the Responsible Committee and the Authority (where relevant) but will not be published to REC Parties, Service Providers or wider stakeholders. Details of the response will not be referenced in any Change Report; or
- **Anonymous** – the full response will be published, but will omit the name of the submitting organisation (organisation category will be published). Details of the response will be referenced in the Change Report, and the organisation name will be shared with RECCo, the Code Manager, the Responsible Committee and the Authority (where relevant).

Organisations can submit the whole response as non-confidential, confidential or anonymous, or flag each question separately as they wish.

All responses will be treated as non-confidential unless indicated otherwise.

The Code Manager recommends that only financials or other commercially sensitive information is submitted confidentially, and that anonymous is used for all other cases where the submitting organisation does not wish to be identified, as this allows the details of the response to be seen in the Change Report and for the Code Manager's comments to the response to be published.
