METER PRODUCT UPDATE

BY MAITRI PERERA

1 PURPOSE

This paper invites the RECMEP to approve changes to the REC Meter Product Data (MPD).

2 NOVEMBER 2026 CHANGES

REFERENCE	Description
MPD2026_28	Add 1 Meter Product

For full details of the change, please see Attachment 1 (MPD2026_28).

The Code Manager received this change request following identification from the Change Proposer that an existing meter product is recorded with Meter Type 'S', which was only available when the meter was introduced. This change adds the meter with the correct Meter Type 'M', to resolve issues a new customer is experiencing with the 'S' classification.

The following table provides an overview of the Meter Product fields validated and the Code Manager's comments for MPD2026_28.

Field	Code Manager Comments
Model Code	No comments
Manufacturer Code	No comments
Measuring Capacity	No comments
Multiplication Factor	No comments
Number of Dials or Digits	No comments
Pulse Value	No comments
Units of Measure	No comments
Meter Type	No comments
Meter Mechanism	No comments
Payment Method Code	No comments

3 NEXT STEPS

Members are invited to review the MPD submissions and approve the changes to MPD. Subject to RECMEP approval, the changes will be implemented on 25/11/26.

4 COMMITTEE ACTIONS

Committee Members are invited to take the following actions:

- **NOTE** the contents of this paper; and
- **APPROVE Meter Product Change MPD2026_28.**
